

K-LOVE is very valuable in my community. It provides positive, up-lifting, and encouraging music and the message of the Gospel to the Denver metro area. Thousands of listeners call or write to K-LOVE with prayer requests and testimonies of how the station has touched their lives. And the station's staff pastors prevent thousands of suicides annually.

If K-LOVE were displaced by an LPFM broadcaster, it would leave a huge void in our community. There is no other station that provides what K-LOVE provides. We hear hundreds of testimonies, locally and nationally, of how K-LOVE has touched their lives.

K-LOVE provides a unique service. Yes, there are other Christian stations on our dials, but K-LOVE provides a unique listening experience that no other station provides. With the positive, encouraging songs of the Gospel that K-LOVE plays, people feel encouraged, and lifted up out of their darkness, and get involved in their local churches and communities to make a difference. This is a very positive influence in our communities and serves the public interest.

Please do not displace K-LOVE!

Thank you.
